WHO WE ARE

Imanzi Business Institute (IBI) is a premier capacity-building institute established by the Private Sector Federation of Rwanda (PSF) to address the universal challenges in today's rapidly evolving business environment.

The institute offers cutting-edge training courses designed to empower the private sector through capacity building and upskilling.

We provide short-term training programs, capacity building, tailor-made courses, and consultancy services for institutions and companies focusing on start-ups and SMEs.

The Institute delivers both in-person and online courses through our e-campus platform and offers customised knowledge based services to business.

MISSION

To support the African private sector and business community through professional skills training, business acceleration and mentorship.

VISION

IBI vision is to become a world-class knowledge centre for African entrepreneurs and businesses.

CORE VALUES

- Knowledge
- Integrity
- Professionalism
- Innovation
- Responsiveness
- Accountability

OUR SERVICES

We provide insights on operations, market trends, competitor analysis, and decision-making.

Our tailored finance training covers management, risk, and leadership.

Online training workshops include presentations, panels, networking opportunities, collaboration tools, and access to our e-campus.

Capacity-building courses enhance business skills, promoting success in corporate environments.

Mentorship, resources, and networking accelerate the growth of early-stage startups.

Specialised technical support ensures tax compliance, covering obligations, accurate filing, and financial updates.

OUR APPROACH

1. Facilitate and conduct capacity need assessment to develop specific tailor-made training programmes

2. Training & capacity development to improve sector/company productivity & competitiveness

3. Organise field visits and follow-up sessions to companies to assess knwoledge uptake and develop future training interventions

4. Facilitate exchange, learning visits and attachments to build the capacity of SMEs

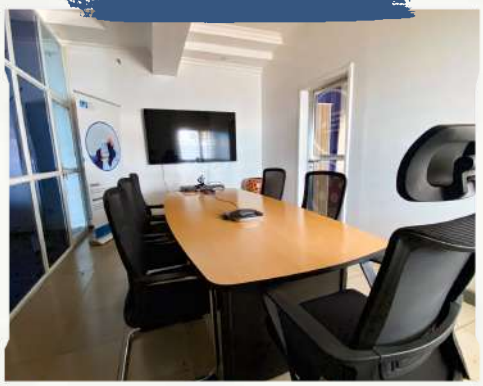

CAPACITY BUILDING ACHIEVEMENTS
